CHRISTMAS CARD

Step 1

Using the gold and silver markers (medium/fine) decorate a scrap of red card. Cut a narrow strip, wind green craft wire around it and, using PVA adhesive, attach it at the top of the card. Make a greeting panel using scraps of white and green card and attach it at the corner.

Step 2

Using the gold marker (fine point), draw three holly leaves, adding scribbles as shown. Use the silver marker for extra detail. Cut out the holly leaves and glue them onto the card as shown.

Step 3

Using glue dots at the centre, secure a wire scroll to the card, then add punched spots of red card to form the holly berries.

CHRISTMAS GIFTWRAP

Step 1

Using the gold and silver markers (medium), draw a grid pattern onto the white tissue paper and wrap the gift, securing the edges invisibly with glue stick.

Step 2

Tie green ribbon around the package. Add holly leaves and berries as for the card, and attach a small gift tag cut from green card.
