

## HALLOWEEN CRAFT PROJECT

### Party Pieces

#### You will need:

- ★ Purple card – dark and light
- ★ Light orange card
- ★ Bright orange card
- ★ Straws
- ★ Party bags
- ★ Single fold blank greetings cards and envelopes
- ★ Adhesive foam pads

#### Place name card ghost

Here a ghost shape was cut from white card and two wiggly eyes attached. Detail was added using Pilot silver marker. Light orange card 10 cm square was cut and scored in half, then folded. The ghost was attached to the card.

#### Place name card hat

Here a small hat shape was cut from dark purple card and stars drawn with silver marker. The hat was attached to orange card 10cm square which was scored and folded in half.

#### Straw decorations

A bat was cut from black card, two wiggly eyes attached and detail added with Pilot silver marker and Pilot white marker for the fangs. It was taped to a straw.

A small pumpkin shape was cut out from orange card and outlined with gold marker. The mouth was not cut out but coloured in with a black Pilot Fineliner. Two wiggly eyes attached and it was taped to a straw.

#### Tag

Another pumpkin shape attached to a ready made gift bag ready to fill with treats for the party.

## Party Pieces

Continued...

### Cat card

Here a large black cat shape was cut from black card. Two giggle eyes were glued on and detail added with silver marker. A hat was cut from dark purple card and decorated with silver stars using the Pilot silver marker. Two slots were cut in the brim to allow the cats ears to slide in. The cat and hat shape were then attached to a single fold orange card using adhesive foam pads. A large and two small star shapes were cut from bright orange card and a star coloured in the centre of each shape with a Pilot gold marker. These were glued to the orange single fold card and highlights added with gold marker.

### Pumpkin invite

Here a large pumpkin shape was cut from orange card and coloured with Pilot gold marker. The mouth was outlined with silver marker and then coloured in with a Pilot Fineliner. Two wiggly eyes were attached and a nose and eyebrows drawn in silver. Using a computer the words "halloween party invitation" were printed on to orange card using Font comic sans 26 points – alternatively you could write this in marker. The orange card was trimmed down and attached to the bottom of a single fold purple card. The pumpkin was then mounted to the card using adhesive foam pads. Two stars were cut from purple card and silver stars coloured in the centre. These were glued to the card.

### Ideas

If you do now wish to make a mobile why not make the shapes and then use them for a party game "hunt the halloween shapes" by hiding the shapes around the house and garden.
